Brother:
Archie, it has been just a since I had heard from you. I see how your letter found the ally alone, nor can I understand more of my letters haven't found way. You are still lucky; haven't the flu—and haven't been cap-

by some shrewd little maid. I don't know when I will get home. I know that I won't get in time to rest before all that begins. I don't think of the way have turned? I can remember I used to differ with him on world problems, but I thought of a good natured fellow other-

I couldn't argue with him. I agreed against my will. I re-very much some of the arguing with dear father, though I may been in the right at times. Papa-ly, and I know most every-ly, hated to hear of my getting those hostile waters, but I confess that I wanted to come I thought that if I must be in-ly it would be my choice to be-ly where worthwhile being. Now-ly think that I regret that de-ly I do not in the least. True, I-ly passed through a young hell and-ly still seems very monotonous.

es I long for it all to end. To-ly at home again, my one light is-ly I am still being tried and the-ly it is, the more I won't to win-ly it out with patience. I see-ly ter days ahead. As long as-ly write to me I can not feel so-ly nor so distant and as long as-ly able to picture every thing so-ly fully I shall be most contented.

ly begun to think that it didn't-ly cold over here, but it has-ly now for a week, though it is-ly disagreeable cold for we have-ly those cold northerns. We were-ly other morning taking exercise-ly into more snow fights! We-ly up and sent over barages as fast-ly could make ammunition. I-ly been out doors much this last-ly been going to automatic school.

ly don't mind if it lasted the re-ly of my stay over here. The-ly has been out on the range-ly. The automatics may have-ly until they finish. You have-ly wondered what we do since-ly justice was signed and I imagine-ly think that we are laying idle,

ly Brother:-

ly I write you one more letter today.

ly I have been writing to you all a great

ly number of letters from here, but I never

ly to me? I would be very glad

pens in Texas. For you know that a man who is raised in a State like Texas, likes to hear the news from home etc., etc.

P. S. Dear Brother: Received your letter, also the paper. The letter was dated Jan. 6, 1919. I was very, very glad to hear from you all again. I had written a letter yesterday and when I was going to mail it I received yours! This is the first letter I got from you since October 9th. You write that you sent me your picture. I never received it. The Christmas package must got lost, it never reached me. Tell papa to find him a renter; he is getting old and I don't know when I will come home. I hope real soon, for I don't like to stay here. There are nice girls here, but there is no place like home. The beer served here isn't strong at all, and the wine is awful sour.

The Anvil Herald I received is dated Jan. 4th. It is really too bad that so many people lost their lives by the flu, as I see in the paper.

The officers told us we could put in an application for discharge if we had dependants or were needed at home. Some boys put in their application. I don't believe it will do any good. We will have to wait until Uncle Sam doesn't need us any more and will be done with it. Army life is right nice, they feed you well and treat you right nice, as long as you behave. I would like it still better if I was a couple of years younger than I am.

You tell me to write you all about the country. There isn't very much to write about, I had rather be back in the States. There is seldom any sunshine here; it is always cloudy and it rains a good deal and sometimes we get snow. Water is found at about 10 feet depth. The soil is some kind of a clay. Lots of potatoes, cabbage and grapes are raised. Grape vines are planted on top of the hills. The buildings are of rocks and look like they are a couple hundreds of years old. The country is settled very thickly.

Feb. 20th.—Received your letter of Jan. 26th today. You can't imagine how happy I feel since I get some of your letters and also a paper. I saw in that paper that Geo. Britsch, Ben Miller, Freddie Lynch and Leopold Mann lost their lives. I am glad to learn that you had plenty of rain there. Am glad to hear that Clyde Holloway got back. How about Ross? Where is Frank Neumann? Write soon.

With lots of love to you all, yours

Rev. Falkenberg wishes to announce that he will hold services again at the Lutheran Church tomorrow, Sunday, beginning 10.30 a. m.

In Lohndorf, Germany,
Feb. 7, 1919.

Mr. and Mrs. Jul. Jagge,
Dearest Cousins:

How are you getting along? Hope fine and dandy. This leaves me well so far. Well what are you all doing these days, still working hard? We are having good times to what we had in war times. We have a nice room to stay in and a warm place to sleep, get our food and pay and don't have to drill so hard either. We have lots of amusements, can go to a picture show every night if we wish to go. I have been playing with a football team for about three weeks and don't have to do anything else but play football. I had a pass to a big city, Coblenz, a while back. Sure is a nice place and lots of pretty scenery along the Rhine River. I saw the Statue of old Kaiser on the Rhine.

Say, they gave out passes for fourteen days to Paris, France, and England. I could have gotten one but all I want is a pass home to stay. I have seen all of France, Belgium and Germany that I want to see. I am longing to see you all now and my dearest little sweet girl. I don't know when we are coming home, my idea is about May or June; of course they may fool me and take us back right away. I wish they would.

Say, is it cold out there? It gets a little cold here once in a while. We had about six inches of snow here this week and the ground has been covered with ice and snow for the last month, but we are almost used to cold weather now. We run around in our O. D. blouses most of the time, if it was that cold at home we would almost freeze.

Well Jul I have so many to write to now I will have to make all the letters short. I'll tell you all the news and have lots to tell you when I see you again. Tell everybody hello for me and here is best wishes and good luck to you all. As ever your loving cousin,

Fletcher Davis Seriously Injured.

Fletcher Davis, the editor and proprietor of the Hondo Anvil Herald, is in the Santa Rosa hospital, San Antonio, suffering from an injury that will confine him to his room for several weeks.

Mr. Davis, in company with Prof. W. N. Saathoff, county school superintendent, and C. M. Merritt, county demonstration agent, autoed over to Devine with Mrs. Nellie Kent of the State Department of Agriculture, who was scheduled to delivered an address in Devine on the subject of "Community Canneries." After the speaking the party were preparing to go to Natalia, where the lady had another date, and while passing through the Adams Co. garage Mr. Davis stepped on a low rolling platform used by auto mechanics for work under cars. Instantly the platform shot from under Mr. Davis' feet, throwing him to the concrete floor with tremendous force.

Surgical assistance was immediately summoned, but as there was some doubt as to the extent of his injury it was determined to send him to San Antonio for an X-ray examination, which disclosed that his left hip was broken in the joint. All that surgical skill can do for him is being done, but the latest reports from the hospital are to the effect that he is suffering intensely. It is possible that the surgeons will find it necessary to resort to the expediency of nailing the severed bones together. As we said above, it will be many a weary day before Mr. Davis will be his agile self again.

Mrs. Davis went to San Antonio Tuesday evening to be with Mr. Davis. She came home Friday afternoon to look after matters here, but returned to Mr. Davis' bedside on the 6:43 train.

To all Who are Interested in Canning.

Miss Fohn Entertains.

Miss Mary Fohn delightfully entertained a few of her friends at her home last Saturday night. Those present were: Mrs. John Fohn, Misses Mary Fohn, Etta, Alice and Meda Batot, Bessie Ernest, Clara Mae Grimes, Lizzie Enderle, Pearl Berry and Maud Allen, Messrs. John Grimes, Harold Moehring, Oscar Schmidt, Tom and Tilton Carter, Johnnie Cruseturner, Sam Coffee, Henry Wendland, Marshal Fohn, Hugo Batot, and a few whose names we failed to get.

The evening was spent in playing games, music and conversation. At a late hour refreshments were served and everybody departed for their homes declaring Miss Fohn an ideal hostess and hoping to have another good time in the near future.

Soldier Boys Entertained.

The home of Mr. and Mrs. J. S. Fly was the scene of much merriment Monday night, Mar. 10, when the ladies of the Methodist Church entertained the soldiers and sailors who have returned from service.

The Reception hall, parlor, living room and dining room were all beautifully decorated in the National colors, also pot plants, the stars and stripes being the most prominent in the decorations as a large flag hung from the stairway in the Reception Hall.

Those in the receiving line to give the boys a glad hand of welcome were: Rev. and Mrs. J. W. Long, Mr. and Mrs. J. S. Fly, Mrs. T. McClaugherty and Mrs. Isaac Wilson.

After all the guests had arrived an interesting program was rendered, the first number being, a solo, "We have kept the home fires burning" by Mrs. O. A. Fly, accompanied by Mrs. W. H. Smith. Next a violin solo, by Miss Irene Saathoff accompanied by Mrs. Smith. Then a solo, "A Bowl of Roses" by Mrs. Horace Bradley, accompanied also by Mrs. Smith. Rev. J. W. Long then addressed the boys in a short talk, giving them a warm and hearty welcome back home again, which was responded to on behalf of the boys by Mr. Howell.

A quartet "Home Again" was sung by Mesdames D. H. Fly, J. H. Beckman, J. R. Chancey and Miss Nettie Woolls. After this the guests were all tagged and formed in gangs representing the "Rookies", "Sammies", "Tommys", "Yanks", "Jackies", "Doughboys", "K. P." etc. and their yells, songs, and stunts, afforded much enjoyment. The next form of entertainment was Progressive Conversation and the hour for departure arrived before some of the boys concluded their "Ghost Yarns".

Delicious punch and cake was served throughout the evening to about one hundred guests.

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human life begins in the stomach and ends in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

Sabinal Sentinel Siftings.

Mr. Albrecht of D'Hanis was out on the ranch last week and returned home Saturday night.

Mr. and Mrs. Oscar Richarz went to Hondo Saturday. Mr. Richarz came back Sunday but Mrs. Richarz stayed for a few days visit with her mother, Mrs. Leineweber. Mr. and Mrs. Joe Richarz, Sr., went with them as far as D'Hanis. (Worthy Cor.)

Mrs. T. E. Wyatt went to San Antonio yesterday.

Mrs. A. F. Reinhardt went to Hondo yesterday to visit her sister.

Mrs. Alice Reinhardt and sister, Miss Elsie Rothe, were here Saturday and Sunday visiting Mr. and Mrs. Jacob Reinhardt.

Mrs. Ann Reinemer returned Sunday from a visit in Hondo.

Mr. W. L. Hannsz of Houston, who has been visiting his uncle, Mr. Louis Tampke, at Utopia for the past three weeks, left Monday for Hondo to visit relatives there. He represents the Southern Motor Mfg. Co.

Miss Fly returned Sunday from Hondo.

Rev. Gardiner preached Sunday morning in Hondo returning in the afternoon.

Mrs. C. M. Cullins has returned from a visit in Hondo.

The United States Government still has work to do. Even now plans are in the making for bringing back the slain for burial in their native land. Disabled soldiers will be trained to "carry on" in the battle of life in spite of their disabilities, and the training will be financed by the Government without cost to the disabled. The Government feels duty bound to share the burden taken up by these men who made possible the security of this country. The United States Government is going to finish the job with a steady stream of War Savings.

Your safety and happiness were bought at the price of thousands of lives—

Opportunity may not knock but once. If you failed to hear her call just remember the postoffice is around the corner and the postmaster is there waiting for you with a supply of 1919 U. S. S. Don't put off your visit. Drop around to see him today.

There are two kinds of patriots. The camouflaged patriot and the "real thing". The genuine patriot is investing in War Savings Stamps.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Counties can now buy Seed and Feed for Farmers.

Austin, Texas, March 8. — Attention has been called to the fact that Senator Bell's bill (No. 149) authorizing the Commissioners' Courts to furnish seed and feed for work stock to farmers who are poor and unable to produce the same, was approved by Governor Hobby several days ago and is now a law. This bill is practically a duplicate of one enacted in March 1918, authorizing such relief for the crop season of 1918, except that the bill provides for such relief for the crop season of 1919.

Commissioners' Courts are authorized to use the county's general fund and to anticipate taxation for one year for the purpose of furnishing the seed and feed, and to charge 5 per cent interest upon the cost of the same. The contracts are to be filed as chattel mortgages and will constitute a first lien upon the crops of the farmers so furnished. If any county is without funds to provide such aid for its farmers, then it may secure money from the State Government, not in excess of \$30,000 for any one county, the same to be repaid in two equal annual installments with interest at 4 per cent. The bill appropriates \$1,000,000 of State money for this purpose. Applications of farmers should be made to the County Commissioners' Courts. Counties which desire to procure aid from the State should apply to the Governor. — Semi-Weekly Farm News.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly.

Entire County Wants Bond Issue.

County Judge R. J. Noonan wired us from Hondo, Monday that the entire county wants in on the bond issue for good roads. He held back the Devine publication until the last hour, hoping to get it all in together but other petitions had not come in as expected. He says many leading influential citizens, and large tax payers, who have been against the proposition, now want to get it while they can get Federal and State aid. — Devine News.

Try This For Sour Stomach.

Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one of Chamberlain's Tablets before going to bed.

Remember: There are still 2,000,000 American boys on the Rhine and in Russia. They have to be taken care of until they finish their job! They went over there for you! That they may be taken care of and later brought home it is your business to lend the Government money by investing your savings in U. S. S.

It's not what you spend but what you save that counts.

Forgot What He Needed.

From the Republican, Mt. Gilead, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Mount Gilead Republican. He scrutinized carefully when a copy was handed him and then said: "Now I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and forgot the name. I went to several stores and the clerks named over everything in the line on the shelves 'Chamberlains'. I'll try again, and never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks never let them substitute. Customers lose faith in stores where substitution is permitted, to say nothing of the justice to makers of good goods and the disappointment of customers.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the stipulated condition. Chamberlain's Tablets are also most excellent for nervousness. Sold everywhere at 25c.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful life made Thedford's Black-Draught standard, household remedy. Every member, of every family, at need the help that Black-Draught give in cleansing the system and relieving the troubles that come from constipation, indigestion, liver trouble, etc. You cannot keep well unless your stomach, liver and bowels are in working order. Keep them that way. Try Black-Draught. It acts promptly and gently and in a natural way. It feels sluggish, take a dose today. You will feel fresh tomorrow. 25c. a package—One cent a dose. SHERIFF'S SALE.

THE STATE OF TEXAS, County of Medina }
By virtue of a certain Execution and Order of Sale issued out of the Honorable District Court of 73rd Judicial Dist. Bexar County, on the 4th day of February 1919 by the Clerk of said Court against J. R. Garnand for the sum of Two Hundred Forty-two and 67-100 (\$242.67) Dollars and costs of suit, in cause No. B-15197 in said Court, styled The Medina Townsite Company, versus J. R. Garnand, O. V. Secrest & Brother, M. Coppard, Trustee of O. V. Secrest & Brother, Bankrupts, and T. F. Ragsdale, and placed in my hands for service, I, J. F. Bader, as Sheriff of Medina County, Texas, did, on the 4th day of March 1919, levy on certain Real Estate, situated in Medina County, described as follows, to-wit:

In the State of Texas, County of Medina and Town of "Natalia" known as Lots Nos. Twenty-one (21), Twenty-two (22), Twenty-three (23), Twenty-four (24), Twenty-five (25), Twenty-six (26), Twenty-seven (27), Twenty-eight (28), Twenty-nine (29), Thirty (30), Thirty-one (31) and Thirty-two (32) in Block No. One Hundred and Thirty-nine (139) as shown on a plat and subdivision of parts of original surveys No. 35, John Hardin; No. 509, J. Varenne; No. 27, M. W. Dikes; No. 62, G. M. Crawford; and No. 62, Wm. Crawford. Said plat and subdivision being known as Natalia and duly recorded in the Deed Records of Medina County, Texas, in Volume A 48, pages 2 and 3, and levied upon as the property of said J. R. Garnand, O. V. Secrest & Brother, and M. Coppard, Trustee of O. V. Secrest & Brother, Bankrupts. And on Tuesday, the 1st day of April 1919 at the Court House door of Medina County, in the town of Hondo, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said J. R. Garnand, O. V. Secrest & Brother, and M. Coppard, Trustee of O. V. Secrest & Brother, Bankrupts, by virtue of said levy and said Execution and Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hondo Anvil Herald, a newspaper published in Medina County.

Witness my hand, this 4th day of March 1919.

J. F. BADER,
Sheriff Medina County, Texas.

Problems of Farm Management and Marketing.

By FLETCHER DAVIS,
Field Agent State Department of Agriculture.

"Well begun is half done" is an adage of ancient and honorable acceptance. Well planned is well begun is a truism of equal moment. Therefore, a thing that is well planned is already half done. Hence all farm work should be well planned in advance.

+++
This is the season for planning the year's crop arrangements. No better use can be made of the long winter evenings than in meditating the plans for the year's work. Many factors will enter into this consideration and every man must lay his plans to fit his conditions. To be successful, he must plan to secure the maximum results from the facilities of soil, climate, equipment, labor supply (both of man-power and horse-power) and market demands and facilities that are at his command. At the same time, he must take due cognizance of his limitations and avoid over-reaching in his efforts to achieve.

+++
Manifestly, where the personal equation enters so largely into consideration of a matter as it does in planning a man's operations on his particular farm, only the broadest generalizations can be employed in a general discussion of the subject. A few of these, however, when adhering closely to fundamentals, may serve as useful guide-posts to direct one in arriving, by the guidance of others' experiences, to a safe conclusion of the whole matter as pertains to his individual case. Only the foolish refuse to learn of the experience of others or close their ears to the counsels of those who would reason with them. Willingness to learn and a desire for knowledge distinguishes the wise man from the fool, for the fool possesses these qualities not.

+++
Discussing a general farm-management scheme suitable for this year's needs, Acting Director T. O. Walton, of the A. & M. College Extension Service, epitomizes the matter so succinctly that the writer quotes herewith his language as being better expression of his own thoughts: "1. A cropping system which will maintain and build up soil fertility. "2. Make the farm, as near as possible, self-supporting, by producing the food for the family and the feed for the live-stock. "3. When the necessities of life have been provided for, produce a money crop as a source of cash for the farm. "4. For safety's sake, we should not pin our faith entirely to one product. The cash income of the farm should be derived from a number of well-selected products."

+++
In planning crop rotations, green manure crops or legume crops for maintaining or restoring soil fertility, it must not be lost sight of that to maintain the fertility of our rolling lands they must be so terraced and the rows be so run as to prevent the washing away of the soil by heavy rains. Likewise, our low, flat lands must be drained properly to prevent souring of the soil and drowning of the crops in periods of excessive rainfall. This is the last call for terracing your rolling lands or constructing drainage ditches—before the crops are planted.

+++
There are few farms in Texas but what can successfully and profitably produce one or more money, or cash income producing, crops other than cotton. And there are none but what can produce some class of livestock profitably. Two-hundred-dollar brood sows, two-hundred-dollar dairy cows and three-hundred-per-cent-profit-producing sheep herds certainly offer profit-making inducements equal to present cotton prospects, to say nothing of the ups and downs of the cotton farmer of the past.

+++
A study of cotton crop statistics for the seven-year period of 1911 to 1917, inclusive, shows annual productions as follows, reckoned in bales of 500 pounds gross weight: 1911, 15,692,701 bales; 1912, 13,703,421 bales; 1913, 14,156,486 bales; 1914, 16,134,930 bales; 1915, 11,191,820 bales; 1916, 11,449,930 bales; and 1917, 11,302,375 bales. The December list price per pound of lint cotton to producers was as follows: 1911, 8.8 cents; 1912, 11.9 cents; 1913, 12.2 cents; 1914, 6.8 cents; 1915, 11.3 cents; 1916, 19.6 cents; and in 1917, 27.7 cents. These prices were not far from the average for the respective years. It will be observed that, as a rule the larger the crop the lower the price and, hence, the anomalous fact that the smaller the crop the more money it brings. Passing the comparison that might be drawn between the large crop of 1914, when we produced more than sixteen million bales and sold it at an average price of 6.8 cents, and the small crop of 1917, when we produced considerably less than twelve million bales and sold it for 27.7 cents, because the abnormal war conditions might cause the fairness of the comparison to be challenged, let us compare the two pre-war years of 1911 and 1912. We find that a fifteen million bale crop in 1911 sold for \$690,478,844.00 whereas the thirteen million bale crop of 1912 brought \$815,358,309.50. So in a two-year period we find a crop nearly two million bales shorter than the crop of the previous year bringing \$124,879,455.50 more money. The lesson to the cotton farmer, it seems to this writer, is too obvious to need

any further pointing out—grow less cotton and get more money for it!

+++
If the cotton farmers of the South ever expect to cease being the sport of the futures speculators they must abandon the present one-crop system with its attendant evils, the crop mortgage and credit systems. If we are to cease selling our cotton at below the cost of production, and paying as a penalty for it in poverty and a worn-out soil, we must change to a safe and sane system of diversified stock-farming that will make us self-sustaining on our own farms. Then we will stop the excessive drain upon our resources that goes out in the round sum of six hundred million dollars annually for the purchase of foods and feeds, we will need less money, we will produce less cotton, and by the same token, we will realize more money for it than we do for the big crops produced under the present system. Life will cease to be an unending struggle to survive, we will have more time and means to cultivate the amenities and enjoy the pleasures of life, and the Southern cotton farms will become—what nature intends they should be—the abode of an intelligent, a prosperous and a happy, contented people.

+++
And, by the way, give those bright boys and girls some good and wholesome literature for perusal beneath the family lamp these long winter evenings. And select a kind that will improve their minds and broaden their conception of the dignity and importance of the farmer's calling. It will be as seeds sown in a fertile soil that will bring forth an hundred fold in contentment and happiness to bless their lives.

+++
Speaking of seeds, reminds us that the selection and planting of good sound seed of improved varieties and seeds that have been acclimated to your climatic conditions is a prerequisite to the production of good crops. The selection of seeds and their testing for vitality should occupy no small part of the farmer's time and thought now if he would reap profitable crops at harvest time.

+++
But the farmer has always with him the problem of marketing and distributing his products. Its consideration is always timely. Any light on its intricate problems should always be welcome.

+++
For some years previous to the outbreak of the recent war, there had been widespread complaint on the part of farmers at low prices on farm products. On the other hand, the consuming world was complaining of the high cost of living. The reasons for this anomalous condition are not far to seek. Lack of system in distribution led to unprofitable prices. Unprofitable prices led to discontent on the farm, increased tenancy, and caused a strong drift to the city. This depleted the ranks of producers and increased consumers. As men quit the ranks of producers they joined the ranks of the distributors. As distributors increased the toll levied by them upon the world increased and, like a two-edged sword, cut both ways. The producer was getting only 42 cents out of each dollar paid by the consumer and both classes suffered—one from insufficient returns for their labor, the other from extortionate prices for life's necessities. The remedy lies in a better organization of the system of distribution. The wastes of the present system must be eliminated. Economy and efficiency must take the place of the present wasteful lack of system. It can come only through organization of producers for distributing their products. When successfully worked out and applied, the producers will realize better returns for their labor on the one hand and the "high cost of living," on the other hand, will remain only as an unhappy memory. Economic equilibrium will be restored. Will the farmers organize for efficiency in marketing and distributing their products, thereby protecting the consuming world from extortion while coming into a realization of what is their own rightful heritage—profitable, remunerative, prices for the products of their toil? The issue is in the hands of the farmers. Will they do it?

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well-playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

About 1 o'clock Wednesday afternoon, Mr. Hall, accompanied by his section crew, was on the motor car used by the section gang in going to and returning from work; Mr. Hall, noticing that the car was approaching an open switch, jumped from the car, breaking his right leg just above the ankle and painfully bruising his hip and shoulder. He was accompanied to the hospital by Mrs. Hall. The other members of the crew we understand, stuck to the car and escaped without injury.

Campaign for Clothing.

Again the call comes to the Southwestern Division of the American Red Cross for help for the destitute people of Europe and Asia. In October we made a collection of clothing for the relief of the Belgians. From March 24th through the 31st we are to make a collection of clothing and shoes for the destitute people of Northern France, Belgium, Italy, Romania, Montenegro, Palestine, Albania, Czechoslovakia, Poland, Armenia, Siberia, Russia, etc. They have freedom but they are cold and hungry. America is feeding them under the leadership of Herbert Hoover, and to the Red Cross has fallen the task of clothing them. The amount to be collected from this whole country is 20,000,000 lbs. or 10,000 tons, double any previous quota.

Of this the Southwestern Division has been allotted 2,000,000 lbs or 1000 tons Medina County has been allotted 2200 lbs. and the quota for Hondo of this amount is 415 lbs.

The collection will be made at a time when practically the whole country is discarding winter clothing, much of which would never again be worn by owners. Thus at a minimum of sacrifice, the American people will be able to show their brotherhood to those who suffer. This clothing will be forwarded to Europe where it will be sorted and repaired by the people for whose benefit it was collected, thus giving to the women of these countries employment as well as the needed clothing.

Basket Ball.

The girls' basket ball teams staged a successful costume game on Thursday afternoon at 4:30. The object was to illustrate how such a game, played in extreme ladylike style and form of dress would result in a farce. There was quite a rivalry as to stunning costumes and the judges were hard put to decide on the winners. Miss Ethel Hutzler carried off first prize, a barrel of ginger snaps, in a handsome grey gown, with red crocheted slippers, a corsage of onions and an unusual vermilion tint on her nose. Miss Sadie Ernest won second prize, an ice cream cone, in an elegant attire of the 19th century, and small Frenchy hat. The gown fitted her form to perfection and her manners were the pride of the team.

The judges were Professors Howell and Peeler, Mrs. L. J. Brucks, Miss Stone and Miss Jackson.

1st Team—Captain, Dutze Davis; Ruth Crow, Josephine Brucks, Caro Fusselman, Elma Batot, Sadie Ernest.

2nd Team—Captain, Loraine Heath; "Bugs" Hutzler, Lucile Newton, Erna Leinweber, Rosalie Koch, Jessie Blocker, Evelyn Wilson.

Referee, Mrs. F. S. Cockrell. Score, 9-8 in favor of second team.

Amount netted, \$12, which was donated to the Mothers' Club, for whose benefit it was given.

Tom Watson and Irving Hartung spent Sunday at Devine.

The Biry Center Social League met March 2. The program was short and the afternoon was spent in choir practice.

Lee Wernette spent the week-end at Castroville with his grandmother.

Mr. and Mrs. Jack Biry and sons, Louie and Emil, attended church in Castroville Sunday.

Miss Virgie Wernette of Hondo visited her parents, Mr. and Mrs. Joe Wernette, Sunday.

Little Raymond Bader, son of Mr. and Mrs. George Bader, received a severe burn Wednesday morning. The little fellow had just gotten up and it happened that his mother was not in the house and he went to the fire place to warm, where his clothes caught fire and when the mother came found him in flames. A doctor was called from Devine and the wounds dressed, but at this report, he is very low.

Messrs. Rudolph and Louie Bendele of Enterprise attended singing here Sunday night.

DOING THEIR DUTY.

Scores of Hondo Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Proof of their worth in the following:

J. F. Gardner, Sabinal, Texas, says:

"I have found Doan's Kidney Pills will do all that is claimed for them and take pleasure in recommending them publicly. My kidneys acted irregularly and I had pains through my back and sides. I heard about Doan's Kidney Pills and used some and they helped me wonderfully."

The above is not an isolated case.

Mr. Gardner is only one of many in this vicinity who have gratefully endorsed Doan's.

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Gardner had. 60c all stores.

Children who have worms are pale, cross, fretful, and sickly most of the time. To rid the little body of these parasites WHITE'S CREAM VERMIFUGE is an approved remedy. When the worms have been driven out the child grows strong, healthy and robust. Sold by W. H. Windrow.

War Savings Stamps are the best remedy for an over-worked bank account.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

EVERYBODY IS NOW FIGURING INCOME TAX

In Order to Be Helpful to Public,
Internal Revenue Bureau
Has Every Available
Officer in Field.

SEVERE PENALTIES IF YOU DELAY BEYOND MARCH 15

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency.

Residents of Texas are required to make their returns and pay their taxes to Alexander S. Walker, Collector of Internal Revenue, Austin, Tex., or to deputy collectors who are now doing free advisory work on Income Tax.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return.

It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040-A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks. By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him he may claim the status of the head of a family who has the same exemption as if married.

A married person who lives with wife or husband is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support who was dependent upon and received his chief support from the taxpayer.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received and all other items must be reported correctly. Mere guesses are not accepted, for they are unjust alike to the taxpayer and the Government and defeat the proper administration of the law.

RAILWAY OFFICIAL WARNS FARMERS TO ORDER FERTILIZERS AT ONCE

Regional Director Winchell Finds Situation Is Becoming Precarious and Urges Farmers Not to Delay Till Last Moment.

The following statement has been issued to the press by the United States Regional Director of Railways, about the fertilizer movement:

"Please let me say a word to our farmer patrons. The normal yearly movement of fertilizers in this region runs from three million to five million tons. This means, in round figures, 160,000 carloads to be handled.

"Ordinarily most of this very large item of traffic is thrown on the railroads in the months of January, February and March. Great activity on their part is necessary to handle the same well.

"By February 10 at least 40 per cent of the whole fertilizer tonnage has usually been shipped, but this year less than 15 per cent has moved so far; that is to say, the movement up to date is about 50,000 cars short of what it should have been.

"It is easy for you to see what I fear. A flood of business at the last moment cannot be moved to the satisfaction of our patrons and complaints will surely follow. We are anxious to avoid complaints, but it is obvious that we cannot move all of this tonnage at one time. In order to do the job right it is necessary that it be well distributed throughout the whole three months.

"During the past four or five weeks car conditions and weather have been favorable, but the fertilizers have not moved freely and immediate activity is now necessary to avoid a condition which will be serious alike to the farmers and the railroads."

SHOULD FERTILIZERS FOR COTTON BE REDUCED?

C. A. Whittle, Soil Improvement Committee, Atlanta, Ga.

Fertilizers should be applied in kind and quantity that experience has taught will bring the largest profits to the farmer. No more, no less.

Profits in cotton production largely depend upon two factors, labor and fertilizers. Both are now high in price.

Cotton requires a large amount of labor, more labor than any other general field crop. Therefore, when the cost of labor increases, the profits of cotton production decrease rapidly and are easily wiped out.

Because cotton is so burdened with labor cost, it follows that profits in producing it depend upon increasing the yield per acre; it depends upon it more than most other crops. As a matter of fact, a great deal of the cotton lands of the South are hardly fertile enough to pay the labor cost of producing a crop of cotton. Therefore, fertilizers have been depended upon to give the farmer the only profit he could expect to get out of producing the crop. It is plain, then, that to cut down fertilizer applications would mean simply cutting down the farmers' profits. It also seems to be clear that any farmer having any kind of land can not afford to let high labor cost sweep away his profits through a failure to use the necessary amount of fertilizers.

Fertilizers are high priced, it is true. But, after all, it is not so much the price as the profit-producing power of the fertilizers that should be a guide. Fertilizers increase yields at the lowest possible labor cost. In other words, they save labor, and since labor is the biggest and most expensive factor in making a crop of cotton, then fertilizers save expense and make profits more certain.

No 1857, vs.
Alvin Bennett.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Medina County—Greeting:

You Are Hereby Commanded, that, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon Alvin Bennett, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in town of Hondo, Texas, on the 6th Monday after the first Monday in March, 1919, the same being the 14th day of 14th day of April, A. D. 1919, then and there to answer a Petition filed in said Court, on the 13th day of March, A. D. 1919, in a suit numbered on the docket of said Court No. 1857, wherein Nancy Holden Bennett is plaintiff and Alvin Bennett is defendant. The nature of the plaintiff's demand being as follows, to-wit:

That she is an actual bona fide inhabitant of the State of Texas, having resided in said State continuously all of her life, and that she has resided in Medina County for more than one year next preceding the filing of this suit:

That during the year 1898, in Hondo, Texas, plaintiff was lawfully married to defendant, Alvin Bennett, then a single man; but that very shortly after their said marriage and during that same year, the defendant, without notice, and without cause abandoned and deserted plaintiff and left for parts unknown to plaintiff, since which time they have not lived together as husband and wife. That shortly after defendant deserted plaintiff a child was born of said union, and plaintiff, without the assistance of defendant, supported and reared the said child up to womanhood, and at no time since the year 1898 has the defendant contributed anything towards the support and maintenance of plaintiff or said child.

Plaintiff alleges that said misconduct and desertion on the part of defendant was due to no fault of hers, and that she at all times conducted herself as a dutiful and faithful wife.

Plaintiff further alleges that said marriage relations continue to exist, but that defendant's actions towards her and his absolute and complete abandonment of her renders their further living together as husband and wife insupportable, premises considered.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations between plaintiff and defendant and for such other relief, in law and equity that she may be justly entitled.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo, this, the 13th day of March A. D. 1919.

Francisco Caseres
No. 1858, vs.
Felice Vesa de Caseres.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Medina County—Greeting:

You Are Hereby Commanded, that, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon Felice Vesa de Caseres, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo, Tex., on the 6th Monday after the 1st Monday in March, 1919, the same being the 14th day of April, A. D. 1919, then and there to answer a Petition filed in said Court, on the 13th day of March, A. D. 1919, in a suit numbered on the docket of said Court No. 1858, wherein Francisco Caseres is plaintiff, and Felice Vesa de Caseres is defendant. The nature of the plaintiff's demand being as follows, to-wit:

That he is an actual and bona fide inhabitant and resident of the State of Texas and has continuously resided in said State for more than one year, and in said county for more than six months next preceding the filing of this suit; That on May 10th, 1891, in Eagle Pass, Texas, plaintiff was lawfully married to Felice Vesa, the defendant herein, who was at said time a single woman.

That after their said marriage plaintiff and defendant lived together as husband and wife until the 13th day of November, 1911, when defendant deserted their home, and permanently abandoned plaintiff, since which time they have not lived together as husband and wife. That said abandonment was not caused through any fault or misconduct on the part of plaintiff, who at all times was kind and affectionate toward defendant, and at all times amply provided her with all of the necessities of life; But that defendant was of a very quarrelsome disposition and was never satisfied with anything; That she continually abused and mistreated the plaintiff for a period of two years immediately preceding their separation, and then finally deserted him without cause; that said marriage relations between plaintiff and defendant continue to exist; but defendant's conduct to and concerning plaintiff, are of such a nature as to render their further living together as husband and wife, insupportable, the premises considered.

Wherefore plaintiff prays that defendant be cited to answer herein and for judgment dissolving said marriage relations, and for other relief general and special, in law and in equity, to which he may be justly entitled.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo, this, the 13th day of March, A. D. 1919.

Senate Joint Resolution No 13.

A resolution to amend Section 5 of Article IV of the Constitution of the State of Texas, as follows: Strike out the words "Four Thousands," found in the third line of Section 5, and insert in lieu thereof the words "Ten Thousand," and adding after the word "furniture" the words, "and this clause shall be self-enacting," and making an appropriation to pay necessary expenses hereof.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1. That Section No. 5 of Article IV of the Constitution of the State of Texas be so amended as hereafter to read as follows:

SECTION 5. ARTICLE IV. GOVERNOR'S SALARY AND MANSION.

He shall at stated times receive as compensation for his service an annual salary of ten thousand dollars, and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture, and this clause shall be self-enacting.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, A. D. 1919, same being the twenty-fourth day of May, A. D. 1919, and the Governor of this State is hereby directed to make the necessary proclamation for said election and to have the same duly published as required by the Constitution and laws of this state. Said election shall be held under and in accordance with the general election laws of the State and the official ballot shall have printed or written thereon in plain letters the words, "OFFICIAL BALLOT," and also the words, "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and also the words, "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas."

All voters favoring such amendment shall erase, by making a mark through the words "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and all voters opposing such amendment shall erase by making a mark through the words "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas." If a majority of votes cast shall be "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be declared adopted. If a majority of the votes cast shall be "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be lost and shall be so declared.

SEC. 3. There is hereby appropriated out of the funds in the State Treasury, not otherwise appropriated, the sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary to cover the necessary expenses attached to the proclamation and publication of this amendment, and the Governor shall issue the necessary proclamation and cause the same to be duly published.

GEORGE F. HOWARD,
Secretary of State.

SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference In Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "... on the Continent and in America, certain 'sauces' are employed... the use of the 'sauces' is to improve the flavor and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco.

Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

"Nervous Headache"

Nervous headache is the result of a run down weakened nervous system. You feel out of sorts—everything seems wrong—food disagrees with the tired stomach—you can't sleep and have a constant case of "the blues."

Rev. Geo. Heffelman of New Cumberland, Pa., tells how he was cured after he had almost given up hope.

"Five or six years ago I became greatly worried on account of the condition of my nerves. I was prostrated and suffered so much I thought I would never be well again. I used one bottle of DR. MILES' NERVINE and began to improve from the first. I then used it until it completely cured me. It is without doubt the greatest nerve remedy ever discovered."

If you are troubled with a nervous affliction, you will find the first bottle of DR. MILES' NERVINE will bring relief. It is non-alcoholic and contains no injurious drugs—a safe, dependable and efficient family medicine. Ask your druggist about it.

Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.
